BIG CROWD AT LUMINA.

Dancing a Favorite Pastime—The Bowling Contest.

The largest crowd with the exception of that of July 4th, was at Lumina last night. The dancing grows more popular each night, there having been a larger number of couples on the floor last night than ever before.

Since the skating has been stopped on the floor, it has been put in excellent condition, and is now decidely the best floor for dancing on the beach.

Mr. C. L. Parker, of Gaylord's store, won the bowling contest at Lumina, with a score of 178, and he may call at the office of the Consolidated Company and receive the prize of $5 in gold.

Importing Negro Labor.

Fifty negro laborers from Norfolk and the eastern part of the State were imported here yesterday by the Angola Lumber Co., in a special coach attached to the regular train from the North. They went straight from the train to a barge in waiting for them at the A. C. L. wharf and were sent up the river to the logging camps of the company in Pender county. In spite of the fact, that the lumber companies draw largely from the farm laborers in the section in which they are located, it is well nigh impossible for them to procure the desired number of hands and the importation scheme has been resorted to by several mills in Eastern North Carolina.

STATE ENCAMPMENT

Movement of Troops of Second and Third Regiments to Wrightsville Sound

CIRCULAR NO 1 ISSUED

Governing Transportation of Militia Supplies For National Guard This Week—Special Trains to Arrive—Other Military Notes.

From the office of Gen. Francis A. Macon, of Henderson, Quartermaster General of the North Carolina National Guard, Circular No. 1 was issued yesterday covering the movement of troops for the Second and Third Regiments of the State National Guard for the encampment at Wrightsville beginning Thursday afternoon of this week. With the exception of the Clinton company and hospital detachment of the Second Regiment which will arrive on the regular train at 10 A. M. Thursday, the companies of both the regiments will reach here the same afternoon on special trains. A train over the Atlantic Coast Line from Tarboro will bring the company and band from that point together with the Plymouth, Washington, Wilson, Goldsboro and Kinston companies, arriving here at 2 P. M. The Lumber Bridge and Fayetteville companies of the Second Regiment and Sanford company of the Third Regiment with perhaps the Reidsville, Greensboro, Burlington and Raleigh companies, also of the Third, will reach here on a special from Sanford over the A. & Y., arriving at Wilmington at 1:30 P. M. The Maxton company, of the Second Regiment, and the Warren Plains, Oxford, Henderson, Louisburg, Franklinton, and one of the Raleigh companies will reach here on a special over the Seaboard Air Line arriving at 12:50 noon. The circular from the Quartermaster General is as follows:

Circular No. 1.

Encampment—The following is published for the information and guidance of those concerned:

Camp Supplies—Camp equipage, tents and other quartermaster supplies will be issued by Maj. Ivey Foreman, assistant quartermaster general, in bulk to the regimental quartermasters for distribution. A permanent issue of blankets will be made to the companies of the Second and Third regiments at camp. Receipts in duplicate will be required from all parties to whom property is issued.

Cots—Floors will not be furnished for tents. Officers and enlisted men are urged to provide themselves with cots. These will be transported as baggage without cost.

Cooks—One civilian cook is allowed for each headquarters, company, band and battery mess; and must be sent to camp on military trains in charge of baggage and should ride in baggage cars. If required, the officer to whom their services is allowed is authorized to make receipt to train conductors for the transportation of cooks, and is directed to report same to the quartermaster general at camp.

Supplies—Ice, fuel, lime and other necessary supplies will be provided.

Transportation—Transportation will be secured upon the transportation requests which will be furnished by the quartermaster general. These requests will be honored by the ticket agents of the Atlantic Coast Line, Southern, and Seaboard Air Line Railway Companies. Officers not living on either of these roads will pay their transportation from their home station to the nearest station on either of the above named roads and will present voucher and ticket agent's receipt in duplicate for their transportation on this account to the quartermaster general for reimbursement. All necessary and allowable transportation claims will be paid but the payment of mileage is not authorized.

Subsistence—"One of the objects in bringing the militia into camp is to acquaint them not only with field and camp instructions, but also to impart a knowledge of the work of administration, a feature of which is the subsistence of troops, which involves the proper disposition and accounting therefor."

Purchases—Rations, subsistence, stores and property will be purchased by the quartermaster general as required by law and regulations.

Issues—Supplies will be issued by Lieutenant Colonel W. E. Gary, assistant quartermaster general, in bulk to the regimental commissaries. Commissaries of subsistence will have charge of the issue and preservation of commissary stores issued to the organization to which they are attached, and will account therefor on the prescribed forms, under the supervision and direction of Lieutenant Colonel Gary. The authorized forms and blanks will be supplied at camp. A thorough realization of the importance of properly preparing vouchers will save much trouble and confusion, as defective vouchers will not be accepted, and errors, lack of proper authority or other irregularities must be avoided.

Pay—Officers and enlisted men will receive the same pay as officers and enlisted men of corresponding grades of the regular army.

Payments for service will be made on pay-rolls, and the date of commissions for officers and the date of enlistments for enlisted men must be entered in every instance. Payments will be made by check as required by law, within ten days after the encampment.

CALL TO COLORED PEOPLE

Movement to Raise $500 for Furnishing Negro Wards in Wm. H. Sprunt Annex at Hospital.

The leading colored people of the city have it in their hearts to do something substantial in token of their appreciation of the splendid philanthropy of Mr. Wm. H. Sprunt in providing a place where the sick and afflicted of their race may receive hospital treatment. They have set themselves to the task of raising a fund of $500 in cash toward furnishing the wards provided in the new annex for colored patients and from the personnel of those identified with the movement, it augurs immediate success. Rev. E. Robert Bennett, rector of St. Mark's P. E. church, is chairman of the committee in charge and has issued the following call to the colored people of the city:

"A meeting is hereby called of all the colored ministers, members of the Hospital Committee, representatives of churches, societies and ladies auxiliaries to convene in Chesnut Street Presbyterian church, Tuesday morning, July 18th, 1905, at 11 o'clock, for the purpose of perfecting plans for the raising of funds and the acquiring of donations for the Hospital.

"REV. E. ROBT. BENNET,
"Chairman."

CAMP EQUIPAGE ARRIVES.

Two Solid Car Loads Already Here—Subsistence for Regiments.

Two solid car loads of equipage for the Second and Third regiment encampment at Wrightsville Sound this week, arrived yesterday morning over the Seaboard Air Line and were taken straight through by the Consolidated Company. Other cars will arrive Monday and by the middle of the week everything at Summer Rest will be in readiness for the soldiers. The advance guards from the companies in the regiments will arrive Wednesday and immediately the tents will begin to go up.

Col. W. E. Gary, Assistant Quartermaster General of the Guard, spent yesterday morning in the city looking after arrangements for subsistence. To the Holmes Grocery Company was awarded the contract for supplying groceries, Armour & Co., for fresh meats and R. F. Warren for bread. These supplies will only include what the government will purchase. However, each company will have its own caterer who will in all probability buy delicacies.

WANTED IN NEWBERN.

Officers Here Captured Negro After Lively Chase Yesterday Afternoon.

After an exciting chase yesterday afternoon Policeman I. F. Huggins and E. Skipper captured a negro giving his name as Robert Hines, who is believed to be wanted in Newbern for shooting a policeman of that city about three weeks ago, a notice of which appeared in these columns in connection with a reward of $50 offered for the arrest of the negro. Hines had been employed on an A. C. L. material train unning out of Wilmington and another negro informed on him to Officer Skipper Friday. Yesterday afternoon when the train came in the yards here the officers named had Hines pointed out to them, but no sooner had the negro seen the blue coats than he ran like a deer. The officers ran him down in the neighborhood of Hall & Pearsall's warehouses and succeeded in making his capture.

Chief of Police J. M. Hargett, of Newbern, telegraphed last night that he would send an officer at once to identify Hines. If he is the right man, he will be taken back to Newbern where feeling against him is very high.

Junior Baseball League.

In the Junior City Baseball League yesterday afternoon the S. S. R. and Y. M. C. A. teams split even, the Y. M. C. A. winning the first of the doubleheader by a score of 4 to 7 and losing the second to S. S. R., by the shut-out score of 2 to 0. The games were played at Seaside Park, the batteries being Sallings and Moore for the S. S. R., and Duls and Houston for the Y. M. C. A. in both games. The battery work was the feature of the games. In the games at Seventeenth and Market streets, the Market Street Giants lost the first game to the Monarchs by a score of 4 to 8, and won the second from the Monarchs by a score of 7 to 5. The battery work of Seifert and Mills was the accredited feature. The games made no appreciable change in the standing of the clubs.

Italian Immigrants.

A letter from Mr. Eliot Norton, president of the Society for Italian Immigrants, to Mayor Waddell, asking for printed matter relating to the advantages of settlement in the South, which matter is to be distributed both in this country and Europe, was received by the Mayor yesterday and immediately referred to the president of the Chamber of Commerce, as that body has the desired literature. A recent dispatch from Washington said that it was learned there on good authority that the South within the next 12 months would receive 10,000 Italian immigrants. It would not be a bad idea for the Chamber of Commerce to take the matter up at once.

Excursions Cancelled.

The excursions for Saturday over the Seaboard Air Line, on account of the encampment, from Henderson and Charlotte, were cancelled yesterday on account of a shortage of coaches. The excursion from Atlanta, however, will be operated and will bring a large crowd to remain over Sunday.

VOLUNTEER FIREMEN

Up in Arms Against Repeal of Law Giving Them Jury Exemption

MEETING MONDAY NIGHT

Will Organize to Resist What They Believe is an Unconstitutional Act—May Bring Suit to Determine Question.

Following a meeting of a number of leading members of the old volunteer Fire Department in the Mayor's office at the City Hall last Wednesday night, another meeting of all the veterans of the former fire service is called to be held at the City Hall to-morrow night at 8:30 o'clock at which time steps will be taken to resist the repeal of the exemption from jury duty by the last Legislature. While some of the old volunteer firemen are willing to waive their exemption for the sake of increasing the efficiency of the jury service, which has been deplorable for several years, a great majority of them are not and propose to organize for protection. The number affected by the repeal of the exemption is thought to be close to 500 and a considerable number of them is expected Monday nig' The following postal card notice i... sent to such of the old volun... firemen as the committee though... would be interested in the movement, viz:

"Did you know that a bill through the last Legislature took away from you your exemption from jury duty? Come to the City Hall Monday, July 17th. 8:30 P. M. and bring everybody interested, that we may form a club for our mutual protection.

"J. G. L. GEISCHEN, H. R. S. F. E. Co. No. 1.
"F. A. LORD, W. H. & L. Co. No. 1.
"WM. CALDER, W. S. F. E. Co. No. 1."

The repeal of the exemption by the last Legislature was known to few until the County Commissioners lately in revising the jury list, found that the law exempts practically no one from duty, not even the lawyers, doctors and officers of the court and county. The list was so revised and every man in the county, without regard to his previous exemption, if he was adjuged a competent juror, was "conscripted" for jury service. When the jurors for the approaching term of court were drawn a few weeks ago the repeal of the exemption was brought home to a number of them by their names appearing on the list. The firemen claim they made a contract with the State when they entered the service; that they performed their part of the contract and the State now has no legal or moral right to repudiate its obligation. It is entirely within the range of probability that a suit will be brought to test the legality and constitutionality of the act.

OUR BOYS IN CAMP.

Generous Response by Employers to Let Employes Off.

A canvass of the employers of members of the Wilmington Light Infantry with a view of securing leaves of absence for the soldier boys to attend the encampment at Wrightsville Sound this week, met with flattering success yesterday; especially so as to the larger concerns by whom the greatest number of the members of the company are employed. The canvass was by Capt. Robertson and Adjutant J. VanB. Metts, of the Second Regiment. The public spirit and generosity of the Atlantic Coast Line and Messrs. Alexander Sprunt & Son in the manner of their response to the committee was especially commendable. Each of those large employing agencies of the city cheerfully said that every member of the company in their employ would be given leaves of absence and they will attend the encampment in full force. In the case of Messrs. Sprunt & Son, they are expecting several cotton steamers this week and the demands upon their office force will be heavy, but they told Capt. Robertson and Adjutant Metts that the value of the presence of the W. L. I. in the community was fully appreciated and every man in their employ would be cheerfully released.

What an object lesson to some of the smaller employers of the W. L. I. members! The company should and probably will go into camp with full ranks.

Caught Redhanded.

Isaiah Donaldson, a small colored boy employed in the store of Mr. J. A. Montgomery, Ninth and Market streets, was caught by Mr. Montgomery yesterday afternoon robbing the cash drawer. He was taken by the nape of the neck and led by Mr. Montgomery straight to Justice Bornemann's office where a warrant for his arrest was made out and he was committed to jail for preliminary trial Monday at noon. Ten dollars of the money stolen from the cash drawer was recovered from the boy by Mr. Montgomery.

To Entertain the Governor.

President W. B. Cooper of the Merchants' Association, has named the committee that will arrange for the reception of Governor R. B. Glenn upon the occasion of his visit to Wilmington to attend the encampment this week. The committee consists partly of military men and partly of members of the Association. President W. B. Cooper is the chairman ex-officio of the committee and Mr. James Kyle is secretary of the committee. The others are Col. T. C. James, Col. Walker Taylor, Capt. William F. Robertson, Capt. A. P. Adrian, Lieut. H. M. Chase and Messrs. M. F. H. Gouverneur, W. H. Sprunt, M. W. Jacobi, J. H. Rehder and L. B. Rogers. The committee is asked to meet Monday morning at 11 o'clock.

WILMINGTON, N. C.

Sunday Morning, July 16.

PROPOSED INDICTMENT IN 1908.

Does the Democratic party need any issues for the 1908 campaign in view of the fact that the party can go into the fight with a terrible indictment against the Republican party for corruption, graft and general cussedness? The Atlanta Constitution and the Washington Post interest us along this line, and both have samething to say that is readable. An editorial in the Constitution says:

"Another count in the indictment which the people of the United States will find against the Republican party in the next national election; another chapter in the story of corruption and graft under the Republican rule!

"What a long and what a sickening story it has been. The continuation of the Republican party in control of the Federal government has developed a condition which can be described by no less offensive adjective than 'rotten.'

"Graft in the Post-office Department, graft in the Interior Department, and now graft in the Department of Agriculture.

"That the Federal courts should have indicted two Republican Senators for breaches of the law serves to give some idea of the extent of that dishonesty which seems to be the necessary accompaniment of Republican administration of this government. Frauds in the Indian Bureau, gigantic theft of public lands by the sharpers who enjoy the protection of Republican politicians—now, proof that the statistic bureau of the Department of Agriculture has been manipulated by Wall street gamblers."

Comenting upon what our Atlanta contemporary says the Post remarks:

"The enterprise displayed by Mr. Bryan in finding and polishing up new issues to be utilized as planks in the Demoeratic platform of 1908 is not the only evidence of interest and industry observable on the part of the scattered remnants of a party that would be great in numbers if it could but get itself together, and great in usefulness if it could or would discharge the obligations incumbent on the oposition party. The Atlanta Constitution is not following the Bryan lead, is not proposing to startle the nation with a string of radicalisms, is not 'paramounting' government ownership of public utilities, or suggesting a wild rush away from the sane and safe and into the profoundest depths of paternal centralization. The Constitution's plan relates most to the past and present than to the future, more to a condition than to a theory. Instead of pointing out new ways and asking the country to adopt them and walk therein, the Constitution proposes to arraign the Republican party for crooked walking in old ways. It is an indictment rather than a collection of isms that our Atlanta contemporary, greatly aided by deporable events, proposed to put in the place usually occupied by the platform.

"It is, indeed, 'a sickening story,' but it is just what might have been expected under the circumstances. Given a free hand, or unopposed and practically unrestricted sway for a long time, any party in charge of our government might be expected to make that sort of an exhibit. Of course, the ruling party must be held primarily responsible for its rascals and their evil deeds, but is there no responsibility attaching to the opposition that fails to oppose—to a great party that wastes its strength and its opportunities in factional contentions?

"We recollect that when the postal frauds came to light our Atlanta contemporary counted on them for the ousting of the Republican party in 1904, but it is not apparent that they cost the Republican ticket—Presidential, Congressional, or local—a single vote in any State. Perhaps the strong efforts of the government to detect, convict, and punish the guilty had some effect on the voting. If so, will a continuance of that policy produce a similar result in 1908?"

WISE REPUBLICANS.

When the Postoffice Department and Interior Department scandals bobbed up, the Democrats in Congress wanted to go into a general investigation of things at Washington. The new scandals in the Agricultural Department, and the government printing office justify the party discretion of the Republicans in not allowing Democrats to run amuck among Republican conducted offices right in the face of an election.

If there is anything that Republicans know it is how to save their friends. However, they are willing to investigate after somebody else's nose first deteets that there is "something rotten in Denmark."

If it had not been for Secretary Cheatham, of the Southern Cotton Growers' Association, the leak in the cotton statistics would have gone on leaking indefinitely.

CURRENT COMMENT.

—While Mr. Bernard calls somebody a coward it is noticed that he keeps his distance.—Durham Herald.

—A cradle operated by electricity has been invented. The mother touches the button and the baby does the rest.—Durham Sun.

—It is not particularly pleasant to the administration to reflect that the cotton report leak was discovered by an outsider.—Washington Post.

—The statement that "expense will not be spared in conducting the investigation into the cotton report scandal" seems wholly superfluous.—Washington Post.

—If it is true that Butler is going to be a big dog in running the new Republican paper in Greensboro, the Democracy of the county can afford to pay something to keep the sheet going. His presence will do them more good than all the speeches they can make.—Greensboro Record.

—Mr. Paul Morton has reduced several Equitable salaries from 10 to 20 per cent. Asked about his own, he replied that that had not been fixed yet. He is a sagacious person; his salary will not be determined until the reform storm has blown over.—Philadelphia Record.

—Apparently there is to be no circumlocution in bringing the developments in the cotton export scandal to the attention of the grand jury. The District Attorney was instructed by the Department of Justice to ask the Court to call an immediate session of the grand jury and to make necessary arrests if there were any attempt to escape the jurisdiction. This looks like business.—Philadelphia Record.

—The news comes that one of the "tunnel windows" is married. Be it known that the "tunnel windows" are the ten women bereaved by the Park Avenue tunnel disaster in New York not long ago. All received damages from the New York Central Railroad Company, ranging from $20,000 to $60,000. And now this is the first one to be married again. Tunnel windows! What a world of meaning in that phrase! How much more it stands for than sod or grass!—Raleigh Post.

—The Commissioners of several counties in the State have started to make a thorough investigation to ascertain the persons who have failed to list their porperty and poll for taxation. Every county should do likewise. It is a duty to the men who list their property for taxation that all others do likewise, for it is a great injustice to nine-tenths of the tax-payers if one-tenth escape paying their share of the public burden. The rate of taxation should be reduced wherever possible. The first step, after securing proper valuations and even more important, is to compel every person liable to list and pay taxes.—Raleigh News and Observer.

TWINKLINGS.

—"Have you many warm friends?" "All my friends are warm these days."—Houston Post.

—"Drink," remarked the moralizer, "shortens a man's days." "Right you are," rejoined the demoralizer. "The longest day of my life was in a dry town."—Chicago News.

—O'Flub—"It's this way, old man. I hate to drink, but my wife drives me to it." McLush—"She does, eh? Say, that's the kind of a wife to have."—Louisville Courier-Journal.

—Friend—"Haven't you named the baby yet?" Proud Mother—"No; we must be very careful to give him a nice one, because there will be so many named after him when he is President."—New York Sun.

—Automobile Luck.—"Had wonderful luck on our run yesterday," said the man with a patch over his eye. "Wonderful luck." "In what way?" "The machine smashed up right in front of a doctor's office."—Washington Star.

—"He told her that if she would be his wife he would get his life insured and stop using cigarettes." "What did she say?" "She said she would marry him if he would get his life insured and continue to use cigarettes."—Houston Post.

—She Was Sweeter Than He.—"Say, Miss Pechie!" cried Mr. Nervey, suddenly, "I swear you're the most kissable creature in this town." "Sir! you forget yourself. "Aw! go 'way. I ain't near as kissable as you are."—Philadelphia Ledger.

—"I have a great mind to get married after all,' said the old bachelor. "It is so nice to have a woman to look after your clothes." "Yes," replied the benedict, "but if they would only take as much interest in the creases as they do in the pockets it would be much better."—Detroit Tribune.

—The ending of the protective tariff was dramatic. One day a fleet of Japanese warships appeared in New York harbor. "We've come," shouted the Admiral in command, "to open your country to the civilized world!" From that time forward Americans had no more to pay than anybody else for goods made in their own country.

—Auntie (to her young niece)—Guess what I know, Mary—there's a little baby brother upstairs! He came this morning when you were asleep." Mary—Did he? Then I know who brought him—it was the milkman. Auntie—What do you mean, Mary? Mary—Why' I looked at the sign on his cart yesterday, and it said "Families supplied daily."—Harpers Weekly.

HAMPTON NEGRO CONFERENCE.

Traffic in Girls for Abuse at the North Considered.

By Wire to The Morning Star.

Newport News, Va., July 14.—The closing session of the Hampton Negro conference was held today at the Hampton Institute. In a discussion of the ravages of consumption among negroes, Dr. Jos. J. Frances, of Portsmouth, Va., showed that the death rate of the colored people from that disease was twice as great as the death rate of the whites from the same disease. It was pointed out that the conference is co-operating with the National Tuberculosis Association and the establishment of sanatoriums for the treatment of negro consumptives was urged. The exportation of colored girls from Southern communities to Northern cities for immoral purposes was touched upon and the conference pledged its co-operation in efforts to stop the nefarious traffic. Negro savings institutions, negro education, religious work in its relation to social settlement reform, prison reform and organized charity and improved methods of farming were among the subjects discussed in a practical way by the delegates to the conference.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Wilmington People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Wilmington.

J. A. White, electrician for the Coast Line Railroad, at Rocky Mount, formerly residing at 206 North Sixth street, says: "I have had great trouble with my back, righ across the loins, and when I sat still for awhile I hardly knew how to move and when I did you would think I was seventy-five years old. There were pains all over me, and I could not tell where they were to strike me. I used liniments and lots of remedies, but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store, and used them. They helped me in a very short time and seemed almost to oil up by joints; in fact, I have not had the pains since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

Forced to Starve.

B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. Afterwards trying everything else, I cured it, with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At R. R. Bellamy's drug store; Only 25c. **

RED

Red is the color of danger, whether on the semaphore or on the skin. When the face is reddened by eruptions, when boils break out on the body, or the angry red of sores and ulcers is displayed in the flesh, it is nature's danger signal. The blood is obstructed and tainted by impurities, and there can be no safety until the blood is made pure.

Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the effete matter which clogs and corrupts it. It cures pimples, boils, eczema, scrofula, sores, ulcers and other consequences of impure blood.

"I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Hood, of Kalkaska, Mich. "I suffered with scrofula of the head for twelve years. Tried every kind of medicine that I heard of but found no cure. Every one that looked at my head said they never saw anything like it. The last doctor I doctored with before applying to you I got worse every day. Was so miserable that I was unable to do any work at all. After taking two or three bottles of your 'Golden Medical Discovery' and using the local treatment you prescribed for me, I was cured and my head was entirely free from scrofula."

Accept no substitute for Doctor Pierce's Golden Medical Discovery. There is no other medicine which is "just as good" for diseases of the blood and the eruptions which are caused by the blood's impurity.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send twenty-one one-cent stamps for the book in paper covers, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work in covering his head with thick hair as luxuriant as long, and in six weeks he had a new result of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The business of the Wadesboro mill has reached such proportions that a new plant has become necessary. The question of labor was the most perplexing problem that confronted the promoters of the new project. Mr. George Singleton, of New Jersey, came down from the North and consulted with his brother as to what had best be done. After thorough investigation they decided to erect a new plant and operate it entirely with negro labor.

—A dispatch from Statesville on Friday says: Clerk Cowles of the Federal Court has received a petition on the part of the creditors of the Independent Cotton Oil Company of Darlington, S. C., that until the final determination by the United States court in South Carolina of the issues under the proceedings filed, the court restrain all creditors of the Independent Cotton Oil Company from suing upon any demands held against the company or from issuing any warrants of attachment or any process against the same, and that a receiver be appointed. Accompanying the petition was the order of Judge Boyd appointing Bright Williamson, R. B. Lebby and G. Herbert Sass receivers, and ordering the Independent Oil Company to appear before the Federal Court at Greensbor on July 29th to answer the petition.

—Preparations are making for a wrestling match here nevt week between big Tom Fisbee, of Madison county, and Prof. A. Ono, a native of Japan, an instructor in jiu-jitsu and a representative of his country at the United States Naval Academy at Annapolis. The match will be pulled off at the Auditorium and the American and Jap will probably meet for mat honors on next Thursday evening. Prof. Ono, in company with Prof. H. Koizumi, of Harvard University, I. Sezawa, a post graduate of Yale, and Dr. I. Hiramo, of Yale, are spending a time in Asheville, the guests of Rev. Y. Minakuchi, pastor of the Christian church. Prof. Ono, last week signified his willingness to meet all comers, on the mat, and local sports immediately undertook to secure a match between the Jap and the well known Madison county wrestler. A purse of $50 has been made up for Mr. Frisbee to come here and meet Prof. Ono, and Asheville sports are looking forward to the event with considerable interest. Prof. Ono is a magnificent specimen of physical manhood, although with scarcely half the weight and fully a foot shorter in staiture than Mr. Frisbee, who stands over six feet and who tips the scales at over 300 pounds. It is probable that the march will be held under the rules of "catch-as-catch-can," and both the Jap and the American have strong backers.

EDITOR IS STORM CENTRE.

New York Press Called to Time by Legislature.

By Wire to The Morning Star

New York, July 14.—Editor in chief Edwin Wardman, of the New York Press, was the storm centre in the Press, was to-day's storm centre in the reasons for his expressed belief that members of the Legislature had been the subject of improper influences in connection with the trial of the charges against Supreme Court Justice Warren B. Hooker, produced intense excitement and the question of the disposal of his case has entirely overshadowed in interest here to-night the charges against Justic Hooker.

This situation developed unexpectedly out of the desire of members of the Legislature to learn who wrote an article in the Press of last Wednesday, in which, it was asserted that both political pressure and "boodle" were being invoked in behalf of Justice Hooker to prevent his removal from office as a Justice of the Supreme Court. Mr. Wardman appeared in person, and declared that the article had appeared during his absence on vacation and he did not know who wrote it. He was instructed to telephone during the recess of his Managing Editor, Mr. Henessy, and ask him who wrote the article. Mr. Wardman announced when called in the afternoon that he had asked Mr. Hennessy for the name of the man who wrote the article, but did not get the information sought.

Mr. Wardman was excused, but instructed to return next Monday, until which time the session is adjourned. Meanwhile subpoenas were ordered to be served upon the Managing and Night Editors of the Press. They were instructed furthermore to bring with them the original manuscript of the article objected to.

WOMAN BRUTALLY KILLED.

Body Found Near Golf Links in Massachusetts Town.

By Wire to The Morning Star

Belmont, Mass., July 13.—The body of a woman was found this afternoon near the links of the Arlington Golf Club, near Belmont. Her throat had been cut, a deep, jagged wound having almost severed the head from the trunk, and as soon as the police authorities saw the body they declared that murder had been comimted. The identity of the victim has not been learned. The body was found behind a stone wall and from the general apeparance of the ground in the vicinity it was judged that the body had been dragged there some time last night. The victim was about 30 years of age.

WE ARE NOT MONEY-LOVING.

Hero of Colonial Times Would Be Ostracised To-Day.

By Wire to The Morning Star

Frontenac, N. Y., July 13.—At the annual convention of the New York State Bankers' Association here to-day, R. R. Flynn, president of the National Live Stock Bank of Chicago, and former Assistant Attorney General James M. Beck, of New York, delivered addresses. Mr. Flynn advocated government supervision of organized combinations.

Mr. Beck's subject was "Moneyphobia." He said in part: "No charge is more false than that we are a money-loving people. No people of any time or clime ever cared less for money when earned, than we. Prodigality of expenditure rather than a narrow desire to hoard unnecessary wealth is the distinguished characteristic of the average American. If he had a strong purpose and an earnest desire to amass wealth, it is, in most cases, because money is the necessary material for further constructive work. To achieve rather than to acquire in his ambition. That industrialism has not degraded the moral nature of man can only be determined by comparing the ideals of human character as set forth in the literature of other periods than ours. Thus the great hero of our Colonial ancestors was the pleasure-loving gallants of fieldings, smollette and congrove; whose chief exploits and pursuits were in the drawing room, the dueling-field or the card table. Honest industry as an ideal of life never seemed to have occurred to our great grand-fathers. Tom Jones was their hero, who, if in the flesh to-day, would be socially ostracised by respectable society."

GERMAN-SWEDISH ALLIANCE.

Norway to Be Intimidated by Great German Squadron.

By Cable to The Morning Star.

Stockholm, July 13.—The Associated Press is able to state on good authority that a German-Swedish alliance is seriously contemplated. The question was discussed at conferences between Emperor William and King Oscar on board the Imperial Yacht Hohenzollern at Gefle to-day. The conferences lasted from two to three hours.

King Oscar and his party will remain with Emperor William until he departs from Gefle Friday afternoon. Beside Emperor Williams' personal visit, Germany will soon make the greatest naval demonstration in its history in Swedish waters. On July 20th six battleships will arrive at Gothenburg and eight criusers at Uddevalla, while on August 3rd, seven battleships, ten cruisers and a torpedo are due at Stokholm, Norkoeping, and five battleships at Karlskrona.

The government has granted these squadrons permission to enter war ports.

BRITAIN'S WAR FORCES.

Significant Statement By Premier Balfour Last Night.

By Cable to The Morning Star.

London, JuJy 13.—In the House of Commons tonight Premier Balfour referred to the speech of Field Marshal Lord Roberts in the House of Lords Monday last, in which the latter said that the armed forces of Great Britain as a body, were absolutely unfitted and unprepared for war, and declrade emphatically that the choice lay between conscription or some practical system of universal training. The Premier said he could never be led to believe that conscription could be successfully adopted in England. He maintained that the government's scheme of army reform was the best solution of the problem.

John Perry O'Neill, a negro, whose home is in Newark, N. J., was arrested in Jersey City last night on a charge of embezzlement. He is treasurer of the Pullman Palace Car Porters and Railway Employes' Association, and is accused of having appropriated to his own use $2,000 of the funds of the organization.

James de Lacey Driggers and his son Torenzo, well known residents of Lee county, Fla., have just received notice of the death of the former's uncle in France, leaving them an estate amounting to $3,000,000. The heirs will leave at once for New York to take steps to secure the legacy. Young Driggers was married Monday a week ago.

It was announced last night that Charles W. Murphy, a former newspaper man, had purchased an interest in the Chicago National League baseball club and has been chosen Vice President of the club. President Hart's diversified business interests, among them the development of gas and oil interests in the South, have grown so rapidly that he had been compelled to give them much time.

In a head-on collision between two freight trains on the Louisville and Nashville railroad yesterday four persons were killed and eight injured. One of the injured will die. A train dispatcher, it is said, mistook the number of the train, and after they had started realized his error. A number of persons were hastily summoned to flag the train, but the collision occurred before efforts could prevent.

A Honolulu cablegram last night says: "Returning from Waikiki, Miss Alice Roosevelt, Mrs. Du Bois, Senator Newlands and Congressman Long, who were guests of Sheriff Brown, were too late for the steamer Manchuria, which had already left the wharf. They were taken on a tug which was carrying a large number of citizens to bid the party farewell and were transferred to a launch in the open sea and then carried to the Manchuria, which sailed on her voyage to the Philippines.

Secretary of the Navy Bonaparte has revoked the orders recently issued for the transfer of Civil Engineer J. W. G. Walker and F. R. Harris from the Charleston, S. C., navy yard to other stations. Soon after these orders were issued they were suspended at the President's direction and an investigation into the matter of the alleged differences between the engineer officers and the contractors for the dock now being built at that yard. Citizens of Charleston forwarded a petition to Washington, requesting that the officers be retained. The President has approved Secretary Bonaparte's action.

DOCKERY STILL IMPROVING.

Mrs. Bernard Joins Her Husband—Other Raleigh News.

(Special Star Telegram.)

Raleigh, N. C., July 15.—The physicians attending Jno. C. Dockery, who was shot three weeks ago by Policeman Rogers, on the charge of ruining his daughter, gave out the statement tonight that he is much improved and that direction will be given the nurses tomorrow to change him to a recumbent position in bed and see what effect it has on his condition. He has been on his back and side since he was shot. They say he is by no means out of danger yet. On the strength of this statement counsel for Rogers announce that they will not press for bail Monday and that preliminary hearing will go over for another week. In the meantime Rogers is in jail.

RIOT AT NEGRO CHURCH.

Colored Dude Precipitated Hostilities Among Worshippers.

Yesterday afternoon's Fayetteville Observer has the following of interest:

"News has just reached the city of a big riot at a negro church in Cedar Creek, during which scores of negroes were wounded, none however fatally. From the meagre particulars so far learned, it appears that a dude negro entered the church during service, and some one in the congregation made a sneering remark about his dress. He promptly drew his razor and made at the offender. In a few seconds the whole congregation was drawn into the fight, the relatives and friends of each of the negroes taking sides and forming themselves into hostile camps from which sorties were made with knives, razors, brass knucks and pistols. The battle raged for nearly two hours, and when the conflict ended only a few out of the hundred belligerents were left standing, most of them having been put out of action or fled from the field. At the begining of the battle the trustees of the church considerately herded the women together and put a special guard over them for protection.

"Sheriff Marsh is now engaged in serving warrants on the ringleaders, and the case will be heard before 'Squire Overby next week.

"It is said that when the smoke of battle had cleared away the church was found to be partially wrecked, with victims lying all over the place, some with cuts, others with stab wounds, and many with broken heads.

"It was, from all accounts, one of the biggest riots ever witnessed at a negro church in the county."

JAP VICTORY IN SAKHALIN

Routed Russians Every Time They Made a Stand—Epidemics an Contagion in Russian Army—Peace Arrangements.

By Wire to the Morning Star.

Washington, D. C., July 15.—The Japanese legation here has received a cablegram from Tokio detailing the action on the Island of Sakhalin on July 10th and 11th, in which the Russians were forced to abandon their positions. The cablegram is as follows:

"The Sakhalin army reports that in pursuing the enemy it dislodged him from the neighborhood of Veladimirozha and Biljimeye, two miles west of Veladimirohka, on the 10th of July and occupied both places. The enemy's main froce retrated to a fortified position northwest of Dalineye, where, with some machine guns, a stubborn resistance was offered. Our army commenced a vigorous attack on the 11th and router the enemy toward Mauka, on the dawn of the 12th. Enemy's loss not obtainable, but probably at least 150."

Linevitch Not Aggressive.

Tokio, July 15.—An army officer who has returned from Manchuria says that the expectation that General Linevitch would assume the aggressive is diminishing. The Russians who formerly conducted the most active reconnaisance, General Linevitch with his staff personally going to the advanced line in an endeavor to draw out the Japanese and discover the positions of strength, have ceased, and it is believed that General Linevitch's tactics, now are to be non-aggressive and entirely on the defensive.

Reports of the existence of epidemics and contagious diseases among the Russians continue to reach the Japanese army.

Later details from Karksakorvsk say that the fire which continued to burn until July 10th, practically destroyed the town.

Peace Arrangements.

Portsmouth, N. H., July 15.—Assistant Secretary of State Pierce and Edward N. Pearson, Secretary of State of New Hampshire, to-day visited the Portsmouth Navy Yard and held a conference with Rear Admiral W. W. Meade, the commandant. Details of the coming peace conference between the Russian and Japanese plenipotentiaries were arranged. It was decided that the session should be held in rooms on the second floor of the general store building. The patrol of marines will be increased particularly in the vicinity of the building, and no one directly connected with the negotiations will be permitted to enter.

It was officially announced at the navy yard that this place was selected for the conference because it afforded military protection, because an Atlantic cable lands here and because there are hotels on the coast which can easily be reached without travel by land.

M. Witte Will Go.

St. Petersburg, July 15.—M. Witte had another long audience with Emperor Nicholas to-day. Investigation in authoritative quarters enables the Associated Press to postively announce that the reports current here late last night that M. Witte migh not go to Washington were incorrect. M. Witte's instructions, it can also be stated authoratively, name him as first plenipotentiary and clothe him with plenary powers. The instructions are couched in general terms.

EARTHQUAKE SHOCK IN MAINE.

Entire State Shaken by Two Disturbances—No Damage.

By Wire to The Morning Star.

Portland, Ma., July 15.—An earthquake shock affecting a large portion of Maine, occurred at 5:10 A. M. today and was noticeable for about ten seconds. It was said to have been more severe than the shocks of March 21, 1904, which occurred about 1 A. M. To-day's trembling awoke many people from sound sleep. It was reported from Bangor to Kitter, and from above Farmington to the coast at Rockland, and seemed most severe in central Maine, and especially at Augusta and Waterville. Two shocks were felt in Brunswick, Thomaston and some other places, the second being more severe than the first. In the vicinity of Portland a rumbling noise accompanied the shock, being heard by Captain Gilber M. Dinsmore, of the Portland Observatory, who became familiar with earthquakes while living in Mexico. The State prison at Thomaston was shaken, but no damage was done there or in any section of the State.

MASKED HIGHWAYMEN ROBBED PAYMASTER

Two Men Held Up Birmingham Man and Got $5,000—One Robber Killed and Money Recovered.

By Wire to The Morning Star.

Birmingham, Ala., July 15.—L. D. Burr, paymaster of the Sloss-Sheffield Steel and Iron Company, was held up by two masked highwaymen this afternoon on the railroad between Littleton and Flat Top and relieved of $5,000 which was to be used in paying off the men.

Less than five minutes afterwards Detective George Bodeker, Policeman Joe Nix and Charles Pickard, a Flat Top guard, had shot and killed one of the highwaymen and recovered the money. The other robber effected his escape.

Some time ago Vice President J. W. McQueen, of the Sloss-Sheffield Company, learned that an effort would be made to hold up the paymaster. Several days ago Mr. McQueen learned further of the plans of the robbers and that they intended executing their design today. With that information Frank H. Gafford, mine superintendent requested the police department to detail officers to work on the case. Two officers left the city today and spent the entire morning watching the river bank of the Little Warrior.

It was by this means that the officers were able to be on the scene almost immediately after the robbery occurred. When confronted one of the highwaymen offered resistance and was killed while the other made his escape. The money was recovered from the man killed. Highway robbery is a capital offense in Alabama.

MARVELOUS ACCIDENT.

Pennsylvania Railroad's New York-Chicago Flyer Narrowly Escapes.

By Wire to The Morning Star.

Harrisburg, Pa., July 15.—Train No. 28 on the Pennsylvania railroad known as the "Pennsylvania Flyer," the new 18 hour train between Chicago and New York, met with an accident today west of Port Royal, which, fortunately did not result seriously. A west bound freight nearing Port Royal tried to stop suddenly and the engineer made a too violent application of the air brakes. The consequence was that a car buckled and was thrown over to track No. 2 on which the flyer was speeding east. An attempt was made to flag trains in front and in the rear of the wreck, but the break occurred almost simultaneously with the arrival of the flyer and the train plunged into the wreck. The momentum threw the wrecked car from the track, but the flyer did not jump the rails. Engineer Calvin Miller, of this city, when he saw the obstruction on the track, jumped from the engine and was hurt about the head and back. He was the only one injured on the train. Firemen Garman brought the train to a stop. The passengers, all of whom were in their berths, did not know there had been an accident until after the train had been stopped for some time. They were not even shaken up and none of them was injured. The train was only slightly damaged.

NEGROES WOULD LEAVE CITY.

Peculiar Sequel to Race Riot on Friday Night.

By Wire to the Morning Star.

New York, July 15.—Mistaking the swarthy jackies of the Italian cruiser Dogali, lying at the foot of West Thirty-Fourth street, for men of their own race, negroes started a rumor tonight that the cruiser was a Liberian man-'o-war commissioned to take colored refugees to Africa. The rumor spread quickly and hundreds of negroes, excited by the riot of last night, swarmed on the pier and were subdued with difficulty, held in check by the Italian sentries. The police hearing that another riot was in progress, hurried to the scene, dispersed the crowds and arrested three colored longshoremen. An extra guard of police was stationed at the pier to prevent further trouble.

"San Juan Hill" district, where the race riot occurred last night, was patrolled today by strong guards of police, who arrested half a dozen negroes charged with carrying concealed weapons. There was no further disorder during the day.

EXPOSURE CAUSED SUICIDE.

Divorce Case Ended in Tragedy in Jersey City.

By Wire to the Morning Star.

New York, July 15.—Louis Apgar, 65 years old married and a grandfather, killed himself in Jersey City to-day by shooting, in a fit of remorse, following sensational disclosures which resulted yesterday in the granting of a divorce to George Meyer against Clara E. Myer. Apgar was named as correspondent. The suit had been on trial several days and had attracted wide attention. At its conclusion Vice Chancellor Garrison in announcing his decision finding the defendant guilty of misconduct with Apgar, said he considered "the testimony of aged correspondent as inexplicable by any rational theory." Apgar had testified that he knew Mrs. Meyer merely as a friend and when they had met, it was only by chance.

SUBMARINE BOAT HORROR.

Vessel Which Sunk Off Tunis Raised With 14 Bodies.

By Cable to The Morning Star.

Bizerta, Tunis, July 15.—The submarine boat Farfadet which sank at the entrance of the port of Sidi Abdallah, July 6, was towed into dry dock today after ten days' incessant efforts to raise her. The salvage operations which were conducted by Admiral Aubert assisted by 250 sailors and a large staff of engineers have been attended throughout with a long series of mishaps.

The hull of the sub-marine was covered with slime but was undamaged. When the door of the Farfadet was opened there was a rush of nauseous gases from the decomposed bodies of the fourteen men who had perished in her, and great emotion prevailed among the naval officers and the men who had assisted in raising the vessel. Powerful deodorants were immediately introduced in the vessel and the ventilators were started.

An inspection of the Farfadet showed that her crew employed every imaginable device in their attempts to escape.

EDWIN S. HOLMES WORSE THAN THIEF

President Roosevelt Wrought Up Over Cotton Leak Scandal at Washington

DENOUNCES THE GUILTY MAN

Says He is Greater Scoundrel Than If He had Stolen Money From Government—Orders Thorough Probing.

By Wire to The Morning Star

Oyster Bay, July 15.—President Roosevelt has determined that the scandal growing out of the leak in the reports in the Department of Agriculture shall be probed to the bottom. He holds that the man or men responsible for the leaks are even in a greater degree culpable than they would have been had they stolen money outright from the government. He proposed that Assistant Statistician Holmes, against whom serious alegations are made, shall be punished if it shall be found possible to secure his arrest and conviction under present laws.

The President has followed the work of the investigation conducted by Secretary Wilson with keen interest. The general results have been presented to him together with such recommendations as Secretary Wilson had to make. The President took prompt and decisive action, then referred the matter to the Department of Justice with instructions that it should be given imediate and careful attention. In accordance with that order Solicitor General Hoyt is now making a thorough inquiry into the case. To reinforce his formal order, President Roosevelt wrote the following pointed letter to Attorney General Moody:

My Dear Moody: I most earnestly hope that every effort will be made to bring Holmes to justice in connection with the cotton report scandal. Please go over the papers yourself. The man is, in my judgment, a far greater scoundrel than if he had stolen money from the government, as he used the government to deceive outsiders and to make money for himself and for others.

Sincerely yours,
THEODORE ROOSEVELT.

To Wm. H. Moody, Att'y General,
Boston, Mass.

In response to the President's letter Attorney General Moody replied:

Boston, Mass., July 14, 1905.

Dear Mr. President: I have received your letter of July 12 and note with care the anxiety you express that Holmes, the offending official in the cotton case, be brought to justice if possible. I have kept, through correspondence with the Solicitor General, in close touch with this investigation. It shall receive my most earnest personal consideration. I will not now express an opinion, as I think it better to await the result of some investigations now in progress in the Department of Justice. At the first seasonable moment I will communicate to you the progress we have made and the prospect of indictments.

Very respectfully,
WILLIAM H. MOODY.

To the President, Oyster Bay.

Hester and Jordan to Assist.

Washington, D. C., July 15, 1905.

Harvie Jordan, president of the Southern Cotton Growers' Association, arrived here today and immediately went into conference with Richard Cheatham, secretary of the same association, and Henry Hester, secretary of the New Orleans Cotton Exchange, who are in the city in connection with the probing of the charges that the government cotton statistics have been juggled for the benefit of brokers. The cotton men met at the rooms of Colonel Hester at the Ebbitt House. None of them would state the character of the business under consideration beyond saying that the officials of the two organizations, in every way possible, will assist the examination of the charges which is being conducted by the Department of Justice. Mr. Jordan denied that he had been in New York with a view of going to Oyster Bay to lay the matter before the President, and he would not say that he had an appointment to see the President at any time.

Thus far there has been no determination by Chief Statistician Hyde to order the new cotton acreage report which Colonel Hetesr requested the Department to make. The last report was prepared from figures made on May 25. It is believed that the government agents included in their figures estimates of the acreage that was likely to be planted after May 25. If correspondence develops that this was not done, then a new estimate will be made. Colonel Hester gave as his opinion that the acreage report is accurate. The government statisticians are now gathering data for an estimate of the tobacco crop, but it has not been decided in what form it will be issued.

New Acreage Report.

Washington, D. C., July 15.—Secretary Wilson was in lengthy conference tonight with President Jordan, of the Southern Cotton Growers' Association, and Secretary Hester of the New Orleans Cotton Exchange, as a result of which it has been decided to issue a new cotton acreage report to take the place of the report issued in June, provided there are sufficient funds available to do the work. Secretary Wilson expressed himself as being in hearty sympathy with the general desire for a new report.

Mr. Hyde, the chief statistician, it is said, has expressed himself in favor of the issuance of a new report.

GOT GAY WITH YOUNG WOMAN.

St. Louis Masher Sent to Prison For Six Months.

By Wire to the Morning Star.

New York, July 15.—A six month's sentence at prison for a passing street flirtation with a married woman was imposed on Benj. F. Smith, who came here from St. Louis, by Magistrate Steinert to-day. Late last evening Mrs. G. M. Gamble, Who is handsome and dresses stylishly, was waiting for her husband, a Brooklyn business man, at a subway entrance. Smith was passing and spoke to her. Mrs. Gamble resented this, struck Smith in the face and caused his arrest. In court to-day, although Mrs. Gamble herself requested leniency to the prisoner, the magistrate imposed sentence and at the same time invited other women who suffer from "mashers" to do as Mrs. Gamble.

SOCIETY BLACKMAILED IN CITY OF NEW YORK

Smart Set Charged $500 to $1,000 to Keep Scandals Out of Forthcoming Book.

By Wire to The Morning Star.

New York, July 15.—Three prominent society persons have informed the District Attorney's office that if their services are required they will appear as complainants against Chas. E. Ahle, of the Society Editor's Association, who was yesterday held in $3,500 bail by the grand jury on a charge of attempting blackmail lodged against him by Martin M. Post, a member of the New York Stock Exchange. This announcement was made to-day by Assistant District Attorney Paul Krotlet, who has been assigned by District Attorney Jerome to prosecute Ahle on Mr. Post's complaint. The allegation against Ahle is that he attempted to coerce Post into subscribing for a book dealing with New York society, which was to be printed and sold to subscribers at $500 per copy. Mr. Post alleges that Ahle told him that a scandalous story involving his name, which was in the possession of a New York society publication, would not be printed if he subscribed for the book. At the time of Ahle's arrest, the police found a list containing the names of many persons prominent socially. Opposite each name were figures representing sums ranging from $500 to $1,000. Up to to-day, Mr. Post has stood alone as complainant against Ahle, but now, according to Assistant District Krotlet, he is to be enforced by two women and one man of high social standing, who are ready to press complaints against the prisoner on the same grounds taken by Mr. Post. Mr. Krotlet explained, however, that these offers were conditional. The persons were ready to testify against Ahle, he said, only if guaranteed that no question be asked concerning the scandals which they alleged were mentioned when their subscriptions were solicited.

DESPERATE JEALOUS WOMAN.

Tried to Poison Rival and Whole Family.

By Wire to The Morning Star

Owatonna, Minn., July 15.—Wilda Johnson, a young woman of this county, is nuder arrest charged with having put paris green into a well on the farm of John L. Johnson, and with having sent an orange containing strichynine to Mrs. Lundstrum, a daughter of Johnson, who is a teacher in the county schools. The prisoner's preliminary hearing has been set for August 11. According to the prosecution Miss Johnson was desperately in love with a young man of the neighborhood. She is said to have become jealous of Mrs. Lundstrum, who is a young widow, and with the idea of getting Mrs. Lundstrum out of the way, it is charged, Miss Johnson impregnated an orange with strychnine and sent the orange to the school with a note saying the orange was for "Teacher only." The girl is alleged to have poisoned the Johnson well. Fortunately the alleged crime was discovered before any disastrous results ensued. The orange was sent to the State chemist and was discovered to contain enough strychnine to kill a score of people.

Funeral of Young Man.

The funeral of young Edgar Beach, whose sad death occurred at the home of his parents Friday evening, was conducted at 3 o'clock yesterday afternoon from the family residence, No. 313 North Eighth street. The services were by Rev. N. M. Watson, pastor of Grace M. E. church, assisted by Rev. A. McCullen, pastor of Fifth Street M. E. church. The interment was in Bellevue cemetery, the following friends of the young man having acted as pall-bearers: Messrs. W. Z Corbett, E. T. Hancock, R. G. Davis, R. M. Schulken, M. S. Smith and Thos. McM. Grant.

To Open New Garage.

Mr. Frank Herbst, the automobile dealer, it is understood, has closed a deal for the part of the old jail building property, next to the Oakdale cemetery office, on Princess street, which was recently purchased by Mr. John F. Garrell, and that the building will be thoroughly rebuilt as an automobile garage and repair shop. Mr. Herbst is building up a good business in motor cars and before the end of the season several other high-class machines are expected to appear on the streets.

Off For Tournament.

Chief Charles Schnibben, Superintendent of Fire Alarm John T. Yates; Capt. B. R. Russell, delegate from Engine Co. No. 1; James Walton, from Engine Co. No. 2; R. C. Smith, from Hook and Ladder Co. No. 1, and Graham Smith, from Hose Co. No. 3, will leave Monday to attend the annual meeting of the State Firemen's Association and tournament at Winston-Salem. Mr. W. C. VonGlahn, of this city, secretary of the Association, will also attend. Supt. Yates will represent Chemical Engine Co. No. 1.

Thompson Gave Bond.

The young man Thompson, who appealed from a judgment of $25 and costs in Justice Furlong's court where he was charged with vagrancy a day or two ago, yesterday afternoon gave cash bond of $100 through a friend and was released from jail, pending the hearing of his appeal in the Superior Court next week. He is highly indignant at his arrest upon such a degrading charge and is confident he will be exonerated when the case is heard in the higher court.

Sensational A. C. L. Story.

A sensational story came from New York yesterday that Mrs. Hetty Green had defeated the plan of the Atlantic Coast Line to guarantee seven per cent. on the Louisville & Nashville stock. From a reliable source it was learned that the Hetty Green story was circulated in Wall Street during the day but there seemed to be no good basis for it. The big news agencies refused to handle the story.
